STUDENT-STAFF DIRECTORY · 1975-76 University of Illinois at Urbana-Champaign

On the Cover: East-Central Illinois 200 Years Ago

Top:
The prairie at sunset. Two hundred years ago east-central Illinois was sparsely inhabited by Indians; the first white settlers did not arrive until the early 1800s. First row, left to right:

A detail of the beadwork on a seven-piece costume made in Piatt County in the early nineteenth century by a local Indian resident, probably Kickapoo, and presented to the Honselman family "in appreciation for their many kindnesses." Indians had been using European beads since the French first started trading in the Midwest some 300 years ago. (Courtesy of the Pioneer Heritage Museum, Monticello.)

Until the white settlers drained the prairie, Champaign County was very marshy, and its extensive groves of timber probably looked much like this scene in Piatt County. Early settlers noted that the Indians built platforms high in the trees to escape the mosquitoes.

A drawing, made about 1700 by Charles Bécard de Granville, of an Illinois Indian. The legend (not shown) translates: "Captain of the nation of the Illinois; he is armed with his pipe and with his dart." The so-called Illini were never a specific tribe; the French gave the name to the confederacy of five tribes they found inhabiting the region. (Courtesy of the New York Public Library, Astor, Lenox, and Tilden Foundations.)

This buffalo skull is some 10,000 years old; it was found near the large buffalo wallow by Centerville on Route 10, Piatt County. There were buffalo in Illinois, although probably not the large herds found on the western plains; there were also deer, elk, and wild turkey. (Courtesy of the Pioneer Heritage Museum, Monticello.)

Second row, middle left to right:
A portion of a map of North America, "drawn from the statements of the most recent of the better geographers, and published by Covens and Mortier in Amsterdam, 1757." (Courtesy of the Early American Museum, Lake of the Woods Mahomet.)

Snow has been a constant feature of Illinois. It is said that the sixteen-foot snow of 1830 killed off all the buffalo in the area.

A portrait by George Catlin of A'h-tee-wát-o-mee, a Kickapoo, "with wampum and silver brooches in profusion on her neck." The Kickapoos were the predominant tribe in east-central Illinois until the Edwardsville treaty of 1819 when they ceded their land to the white man. (Courtesy of the Smithsonian Institution.) Third row, left to right:

A portrait by George Catlin of Ke-chim-qua, or Big Bear, a Kickapoo, painted in 1831 after most of the tribe had been removed to the west bank of the Missouri River near Fort Leavenworth. Kickapoo reservations were later established in Oklahoma and Kansas. (Courtesy of the Smithsonian Institution.)

These Indian artifacts were all found locally: an axe head (probably ceremonial), pipe bowl, celt (a scraper), tomahawk (the handle is an authentic reconstruction), two arrowheads, and a knife. (From the collection of Robert W. Finfrook, Urbana.)

These Indians, painted by A. de Batz around 1737, had been brought to Louisiana by the French to help fight the Natchez. All are Illinois Indians except the Fox woman at lower left and the Negro boy and Atakapa man at right. What looks like a muddy ditch at the bottom is the "Missysipy." (Courtesy of the Peabody Museum, Harvard University.)

Fourth row, left to right:
A cluster of violets, the Illinois state flower.
The national bicentennial symbol.
A magnificent arrowhead, found on the banks of the Embarras River. (From the collection of Robert W. Finfrook, Urbana.)

The earliest known drawing of maize to appear in Europe, published in the 1542 edition of *De historia stirpium*, an herbal by Leonhard Fuchs. Local Indians grew corn in Champaign County's fertile soil. (From the collection of Paul Weatherwax, Indiana University Department of Plant Sciences.)

The cover and text of this directory were designed and edited by the Office of Campus Publications. Photographs on the cover are by: Charles T. Flora and Ronald R. Day, Office of Campus Publications; Christie B. Schuetz, University Press; Michael A. Dirr, Department of Horticulture. We are grateful to Glenna Mcgrove of Mansfield and Robert W. Finfrook of Urbana for their assistance.

University Telephone Service

How to Make Calls from University Telephones (All Numbers Beginning 333- or 332-)

Calls within the University (to numbers beginning 333- or 332-)
Listen for the dial tone, then dial the last five digits of the listed number. For example, to call 333-0920, dial 3-0920.

Calls to the State Geological Survey

Dial 189, then the desired extension. For example, dial 189-001. If the connection is not completed, dial 9 + 344-1481.

Calls to the Small Animal Clinic

Dial 187, then the extension number desired. For example, dial 187 + 21. If the call is not completed, dial 187 + 0 and leave a message with the operator.

Calls to Champaign-Urbana and surrounding toll-free cities.
DO NOT DIAL THE WATS ACCESS CODES.

For Champaign-Urbana

Dial 9, then the complete seven-digit number. For example, to call 352-9981, dial 9 + 352-9981.

For Surrounding Toll-Free Cities (for cities please refer to the listing of extended area service). For example, to call Rantoul, dial 9 + 1 + 495-9981.

Conference Calls

For conference calls with one or more persons on or off the campus, dial 102 and give the operator the details of your call.

Service Calls

Information: For student and staff telephone numbers not in the directory, dial 3-0920. For general University information, dial 3-4666. For local (non-University) numbers not in the Champaign-Urbana telephone book, dial 9 + 411.

Assistance in making a call: For a call within the University, dial 0 for operator. For a call outside the University, dial 9, then 0 for operator.

Telephone repair service: Dial 9, then 352-9954.

Transfer of an incoming call: Depress the button (switchhook) in the cradle of your telephone for one second, and give the number, if known, to which to transfer the call. Also give the number to the calling party, as he may wish to replace the call if cut off accidentally or held on the line too long.

Changes in or additions to your telephone service: Dial 3-1161.

Division of Telecommunications

For inquiries about telephone accounting, call Mrs. Lois Overmyer, 3-2275.

For inquiries concerning telecommunications cost reduction and telephone system review, call Mr. Stan Eastberg, 3-4937.

Personal Calls

Personal calls are not to be placed on the WATS or Tie Lines. Departments are responsible for initiating appropriate action against individuals who use the WATS lines for personal calls. If it is necessary to place a personal long distance call from a University number, dial 9 + 0 and give the operator either your residence telephone number or your personal credit card number to which the call should be charged.

Third-Number Billed Tolls

The University must comply with the restrictions established by the State of Illinois Department of General Services Division of Telecommunications, and these restrictions do not permit third-number billed tolls to be billed to the University of Illinois administrative lines. (A third-number toll is a long distance call billed to a telephone number other than the calling or called number.)

Collect Calls

Collect calls should be accepted only in emergency circumstances.

Use the WATS lines for direct distance dialing for station-to-station calls. You can dial direct to most cities in the United States. A list of frequently called cities and their area codes appears on the introductory pages of the Champaign-Urbana telephone book. If the place you want to call is not listed, dial 9 + 0 for the operator and ask if the city can be dialed direct.

When using the WATS, Tie, and toll-free lines, credit cannot be given for wrong numbers. Dial the numbers carefully to avoid unnecessary charges.

If you do not know the out-of-town number you are calling, you can dial direct for Directory Assistance in many cities across the United States. There is no charge for these calls.

The Directory Assistance number — 555-1212 — is the same in every city that you can dial direct. For Directory Assistance in area 217, dial 9 + 1 + 555-1212. For Directory Assistance in a distant city, dial 9, then 1, then the appropriate area code, then 555-1212. After you have secured the telephone number, hang up and place your call through the Tie Lines or appropriate WATS line facilities.

Anyone, Anywhere, Can Call You Direct If They Know Your Number

Give your complete seven-digit individual telephone number to everyone who calls you at the University. It will enable them to reach you quickly. It will be

helpful to those who contact you if you include your telephone number on letters and other material you mail. Remind persons in distant cities that your area code is 217. Remember, your telephone number is not 333-1000. This is the number of the University of Illinois.

Long Distance Calls

When it is necessary to use the long distance network for person-to-person, collect, overseas, or credit card calls, dial 9 + 0 for operator and give her the necessary information needed to complete the call.

Wrong numbers reached on a call placed on long distance lines will be cancelled if the Illinois Bell operator is notified at the time the call is placed.

Whenever possible, place your calls over the WATS lines as they are billed at a lower rate than the long distance network calls.

Illinois Bell Telephone Company tariffs prohibit the users of WATS and Tie Lines from obtaining information by refusing to accept person-to-person or collect calls for the purpose of identifying the calling party and calling back on a WATS or Tie Line. This practice is in violation of Illinois Bell tariffs and can lead to discontinuance of the service for the violation.

Residence Hall Telephone Service

Students residing in the University of Illinois residence halls will be billed monthly by the telephone company for all long distance calls charged to their telephone number. The bill will be sent to the room location with details provided on all individual long distance charges. Payments may be made in the self-addressed envelope provided with the bill or at the Illinois Bell office at 708 South Fourth Street or 310 West Church Street, Champaign.

The occupants of the residence hall room will be responsible for all long distance calls placed from the room telephone. Full payment is due when statements are received. Delinquent accounts will be restricted to University calling only. This means you will be unable to make calls or to receive calls from any number other than a University number. If you and your roommate decide that you do not want access to long distance service from your room, please notify the telephone company by calling 333-9911.

Tie Lines to Chicago, Springfield, St. Louis, New York City, and Washington, D.C., Are Toll Free and Reserved for Official University Business Only

Listen for dial tone, then proceed as follows:

City of Chicago (suburbs not included)

Example: To call 924-1212, dial 175 + 9 + 924-1212.

Medical Center and Chicago Circle

Example: To call 996-9999, dial 175 + 9999.

City of Springfield

Example: To call 554-9981, dial 176 + 9 + 554-9981.

State of Illinois Offices

Example: To call 782-7616, dial 176 + 2-7616

New York City (area code 212)

Example: To call 556-7616, dial 173 + 556-7616.

St. Louis, Missouri (area code 314)

Example: To call 556-7616, dial 174 + 556-7616.

Washington, D.C. (Entire area code 202)

Example: To call 556-7616, dial 172 + 556-7616.

The caller will receive a busy signal when all the lines are in use, thus dead-ending the call. The call will have to be placed again.

Information and assistance when number is not known: For Medical Center or Chicago Circle, dial 175 + 0. For numbers to the State of Illinois Offices or the city of Springfield, dial 176 + 0.

The appearance of toll charges to any of the Tie Line cities on your monthly billing is an indication the caller is failing to place his or her call over the Tie Lines.

Wide Area Telephone Service (WATS) Lines for Official University Business Only

Calls placed over WATS lines will be subject to lower toll rates than those for similar calls placed over regular long distance lines. If all the WATS lines are busy the call will automatically be completed over the regular long distance network and regular toll charges will be applied. Use the WATS lines for toll calls to cities not served by Tie Lines.

Instructions for Placing WATS Calls

Intrastate WATS — Within State of Illinois. Dial access code 182 (except city of Chicago and Springfield). For the correct area code for cities in Illinois check the listing of area codes in Illinois.

Example: To call Bloomington area 309, dial 182 + 1 + 309 + 555-1212.

Calls within area 217: Do not dial the area code.

Example: To call Effingham, dial 182 + 1 + 555-1212.

Interstate WATS — Outside State of Illinois (other than St. Louis, New York City, and Washington, D.C.).

Check area code for the city you wish to call then refer to the band under which the area code is listed. To place a call, dial the proper access code, then dial 1, then dial the area code, then dial the full seven-digit number being called.

Example: To call 216-555-1234, dial 162 + 1 + 213 + 555-1234.
